INSTALLER _____

Hand Hewn Beams

STANDARD SPECIFICATIONS

APPLICATION	Mantels, Timbers
CONSTRUCTION	Solid or Box
LENGTHS	Up to 25'
WIDTHS & THICKNESSES	Up to 10" x 10" <i>*1" tolerances on this material</i>
LEED	MR-4 100% Post Consumer
SPECIES	Oak or Mixed Species
SURFACE	Hand Hewn
FINISH	<i>Pictured unfinished</i> <i>Finishes available by request</i>

INTERNAL PRODUCT REFERENCE _____

Due to the nature of reclaimed wood, variation in color, texture, and character will occur.

CHARACTER Mild Checking | Nail Holes | Mineral Stains | Hewn Surface | Mortises, Tenons, & Trunnels

APPLICATION Mantels | Ceiling Timbers | Decorative and Functional Supports

INSTALLATION Installation methods vary greatly depending on site conditions and application. Please feel free to contact us to verify installation methods.

Beams are visually denailed, power washed, and kiln dried for stability. The above listed widths, lengths, thicknesses, and mixed species are often available to ship in standard lead times. Custom sizes, larger sizes, single species, and specified species are available for extended lead times. Upcharge and extended lead time will apply to larger sizes and additional customizations such as finishes or custom constructions such as trusses. Speak to your Surface Architectural Supply sales representative for more information and details.
